JUMPS TO FEATURE HORSE SHOW CARD

Corinthian Class Event to Be

Judged for President's

Cup Today.

Polo mounts, the Corinthian class event, bareback jumpers and the final judging of the three-day Army endurance test are the features of the National Capital Horse Show at Arlington Park, Va., today.

In the Corinthian class especially keen competition is looked for. The trophy is the President's cup, presented by Admiral Cary T. Grayson, president of the show organization. The jumps will not exceed four and a half feet and the contestants are to be shown through in and out. The riders will wear full hunting dress and qualify as "amateurs" under conditions adopted by the National Capital Horse Show. Conformation and performance will bear equal weight in the judging.

Woodcock, Miss Mitchell S. Newborg's brown gelding, which carried off the prize in the open-to-all hunters class last Saturday, is among the contestants. Spencer Hisey's Anne Ford, which has won a peck of blue ribbons at previous shows, and which has been showing excellently well thus far, is among the other contestants.

Miss Marion L. du Pont's Blue Ridge, which gave Woodcock a keen race for first honors in the open-to-all class Saturday, and Hindoo Maid, J. M. Trapnell's bay mare, which annexed a blue ribbon last week, are also in the competition. Other entrants include Lady G. and My Choice, from Allendale Farms; the Brown Boy, owned by Spencer Hisey, and Henry H. Norman's Jun Totter.

Fifteen in Bareback Jump. There are fifteen entries in the bareback jumpers' class, and thirteen in the polo mount class. The endurance test, or the American Remount Association charger contest, is for a trophy presented by that association which is competed for each year. It must be won three times by any contestant before it becomes the property of the contestant. The first day's leg was run off Friday, in the form of a thirty-mile cross-country ride. Saturday's program contained the item for the horse's schooling and today's includes the jumping.

The entries include: Dixie, owned by Lieut. E. L. Sibert; Maguire Dean and Moonshine II, Fort Myer, Va.; Peggy, 3d Field Artillery; Confusion, from Fort Myer, Va.; Buddy, owned by Maj. C. L. Scott; Elek, Troop E, 3d Cavalry; Lady Luck, Capt. J. T. Cole; Dragon, Maj. G. S. Patton, and Peter, Lieut. F. L. Hamilton.

The polo mount, lightweight class, capable of carrying 150 pounds, will be judged for manners, conformation and speed. This class is to be shown first

Stomach Upset?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the REAL cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away go indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain. Take one or two at bedtime for quick relief. Eat what you like, 15c and 30c.

TWO YEARS OLD TODAY

We Are Big For Our Age

IN age we are just out of our swaddling clothes, being only two years old today, but in size we have outgrown our own expectations, and we are beginning to take our place among the greyheads of the business.

After all, a bank's success is measured by its deposits and by the many-sided interests and financial experience of its directorate.

The growth of our deposits is very significant. On May 15, 1920, our opening day, the deposits were \$379,982.86. And on May 5th, 1922, the last Call of the Comptroller of Currency, they were \$2,092,691.69

This is a growth of which we are all proud. And behind it all is a directorate that has the understanding that comes from active participation in every-day business problems.

We're starting our third year now, and we still have room for any new friends who would like to grow up with us.
